## Create your kitchen to be as individual as you are

Lifestyle choices play a major part in modern living and your choice of kitchen says as much about you as the way you live. Omega invites you to discover a kitchen that suits both you and your life. We recognise that a kitchen can be the heart of the home and understand how important it is for you to have a room that reflects your personality. Our expertise in the design and manufacture of high quality kitchen furniture allows us to offer you a collection of kitchens that are not only attractive and functional, but also allow you the flexibility to make it unique to your lifestyle.

Inspirational design, quality materials and craftsmanship combine to create three stylish collections with superior aesthetics and effortless functionality to ensure they are enjoyed by all who use them. The timeless simplicity of Shaker, the fashionable practicality of Modern and the authentic style of Traditional are complimented by a huge range of worktops, sinks, taps and accessories that allow you to create a kitchen that's as individual as you are. Whatever choices you make you can be sure that it is your kitchen.

Proudly Made in Britain Omega PLC is proud to manufacture Omega kitchens in Britain at our state-of-the-art factory facility located in Doncaster. We source components from the UK and around the world, to ensure we only use the highest quality materials, which are then combined to produce outstanding kitchens, backed up by unrivalled customer service.

# Welcome to Omega

Omega kitchens are manufactured in a modern, purpose built factory containing state of the art kitchen production technology. Based in South Yorkshire, Omega kitchens are proud of both their British heritage and a reputation of producing thoroughly modern kitchens with the very latest innovations, designs and features. With an extensive amount of finishing touches, every kitchen can be tailored to your taste and lifestyle. Also, don't forget Omega's personal deposit guarantee to you, a unique scheme which reflects Omega's philosophy of putting you, the customer, first.

**Omega Kitchens' Deposit Guarantee Scheme** offers you peace of mind and certainty when you purchase an Omega Kitchen from any of our approved Omega Kitchen Retailers. Should the retailer cease to trade before we have delivered your kitchen we guarantee to supply your Omega Kitchen furniture at the current manufacturer's recommended retail price, less the deposit paid, provided that the amount paid to the retailer does not exceed 50% of the manufacturer's recommended retail price.

**10 Year Guarantee** Omega Kitchens are covered by a 10 year product guarantee. Please see page 125 for more details.

committed to the environment, *naturally...*

At Omega we're green by nature. Sustainability is high on our agenda and we strive to make the least possible impact on our planet. From the wood we use, the energy we consume, to our transport logistics, we take care to ensure we are consistently environmentally responsible. We also like to make a product that lasts. We believe that this aspect is as equally important in protecting the world's limited resources. To that end,

Omega kitchens have been awarded FSC® Chain of Custody Certification, providing you with peace of mind that materials used to make your Omega kitchen have been sourced from responsibly managed forests.

We hope you enjoy our brochure. When you have finished with it please pass it on to a friend or recycle responsibly.

# Designer hints & tips

Create your dream scheme using our sophisticated **modern** designs. Take a lead from our designers and add those finishing touches to make your kitchen look distinctly individual.

Curved  
units

Curved units are extremely fashionable and a great design feature. Stunning island unit designs can be created by combining curved units and pan drawers, for example, with a host of worktop options. Please ask your Omega retailer for details of ranges available with curved units.

Chunky  
Worktops

Chunky 60mm worktops from Duropal are a practical and stylish addition to any Omega kitchen. Available in a wide range of colours, they can transform your kitchen design, and gable ends can also be used to create a peninsular island effect. Please see page 122 for our full range of Duropal worktops.

# Designer hints & tips

Attention to detail is key when creating a traditional and timeless style. Accessories such as feature pilasters can transform your design and when combined with tongue and grooved panels, these add a touch of luxury to your already distinctive kitchen.

Storage  
style

There are lots of ways to add designer details. Why not consider plate racks, wine racks and wicker basket units to provide useful storage solutions?

Planked  
panels

It may sound like a cliché but the devil really is in the detail. Finish your end units with pilasters and planked panels and it really does make a difference.

# Designer hints & tips

We really have thought of everything. There are endless possibilities when it comes down to the finishing touches. We've combined function, practicality and design because we know this is where you can really add your own stamp and make a truly individual statement.

Storage  
style

A range of innovative storage solutions are available with all Omega kitchens, such as the 'LeMans' storage system, providing easy access and maximising storage space within corner units. Please see pages 114 for more details.

Recycling  
solutions

We understand the need to recycle kitchen waste and so we have selected a variety of neat waste recycling solutions. Turn to page 117 to see the full collection.

# Finishing touches

this is my kitchen

## Design Features

We are particularly proud of these clever design details we have developed for our kitchen collection. It gives you the opportunity to customise your kitchen and create a distinctively different look and feel to your kitchen.

### Working Mantel

To maximise storage space, a working mantel feature is available with wall units embedded within the mantel area. The design left features In-Frame Painted Sage Grey, however this solution is also available in the following ranges:

*In-Frame (all colours)*  
*Ivory Shaker*  
*Shaker Painted (all colours)*  
*Classic Painted (all colours)*  
*Shaker Lissa Oak*  
*Shaker Lissa Oak Wood*  
*Shaker Natural Wood*  
*Richmond Ivory & Painted (all colours)*  
*Shaker Wood Painted (all colours)*  
*Shaker Naturalwood Painted (all colours)*  
*Heritage Painted (all colours)*

### Chunky Pilaster

Try adding feature accessories, such as pilasters to compliment any traditional design. The style featured here is the 100mm Base Pilaster and is available in the following ranges:

*Davenport Buttermilk*  
*Davenport Platinum White*  
*Shaker Wood Painted (all colours)*  
*Shaker Naturalwood Painted (all colours)*  
*Richmond Ivory & Painted (all colours)*  
*Shaker Naturalwood*  
*Dales Oak*  
*Heritage Painted (all colours)*

### Mantel Brackets

Mantel features are commonly used in traditional designs and included in the Omega range are mantel brackets and shelves - a simple but effective design Mantel brackets are available for use with the following ranges:

*Buttermilk Prelude*  
*Ivory Shaker*  
*Shaker Painted (all colours)*  
*Classic Painted (all colours)*  
*Davenport Buttermilk*  
*Davenport Platinum White*  
*New England Buttermilk*  
*In-Frame (all colours)*  
*Shaker Lissa Oak Wood*  
*Richmond Ivory & Painted (all colours)*  
*Dales Oak*  
*Shaker Wood Painted (all colours)*  
*Shaker Naturalwood Painted (all colours)*  
*Heritage Painted (all colours)*

### Wicker Basket Units

Designed for storing fruit and vegetables, this unit is available in all ranges, in a 500mm width and wicker baskets can be supplied with either an Oak or Beech frame.

### Curved Base Units

Ideal for use in both modern and traditional designs, curved units provide functional storage whilst at the same time offering a smooth finish to a run of units or an island feature. Curved base and wall units are available in the following ranges:

*Ivory Shaker*  
*Logica Gloss Stone, White & Ivory*  
*Shaker Painted (all colours)*  
*Opaco Painted (all colours)*  
*Davenport Buttermilk*  
*Davenport Platinum White*  
*Classic Painted (all colours)*  
*Gloss Stone Shaker*  
*Fusion (all colours)*  
*In-Frame (all colours)*  
*Richmond Ivory & Painted (all colours)*  
*Shaker Lissa Oak Wood*  
*Shaker Naturalwood*  
*Shaker Wood & Painted (all colours)*  
*Heritage Painted (all colours)*

### Bi-Fold Wall Units

As an alternative to standard wall or bridging units, our range of bi-fold units provides easy access to stored items, along with a modern design. Bi-fold units are available in the majority of modern ranges and in a variety of widths ranging from 600mm – 1000mm (please consult with your retailer for range availability).

### Curved Corner Base Unit

With curves being used increasingly in kitchen design, the curved corner base unit (shown above) and curved corner wall unit allows you to create a smooth, sweeping design along with practical and accessible storage space. Curved corner units are available in the following ranges:

*White Satin*  
*Logica Gloss Stone, White & Ivory*  
*Opaco Painted (all colours)*  
*Classic Painted (all colours)*  
*Fusion (all colours)*  
*Heritage Painted (all colours)*  
*Shaker Lissa Oak Wood*  
*Richmond Ivory & Painted (all colours)*  
*Shaker Wood & Painted (all colours)*

### Sink Pan Drawer Unit

Designed to provide functional storage around the plumbing of a sink, the Sink Pan Drawer Unit comprises a dummy top drawer, U-shaped middle drawer with a full pan drawer below. This unit is available in all ranges, but is not suitable for use with Contact handleless designs.

### Lift Up Flap Wall Unit

This stylish unit opens from the bottom rather than the side and enables a row of wall units to be open at one time, allowing easy access to items when cooking. Shown in White Satin, this unit is also available in all ranges in the medium height of 720mm.

# The Inside Story - Colour Co-ordinated Cabinets

Cabinets are made from 18mm thick chipboard panels incorporating solid backs. You can choose from 10 colour co-ordinating finishes which feature on both interior and exterior surfaces.

## 10 YEAR GUARANTEE on all cabinets

Choose from 10 cabinet finishes which allow you to colour co-ordinate or contrast your fascia style. A full range of matching plinths, panels and pilasters are also available which will add to the overall co-ordinated look.

### Cabinet Features & Options

- A. Base and wall unit fixing brackets are concealed with nickel cover caps
- B. Drawer dampers cushion the closing action providing a softer, quieter operation
- C. 150mm adjustable legs (height 140-180)
- D. All metal adjustable hinges with simple clip-off system
- E. Solid backs in base units are 15mm and 8mm in wall/tall units
- F. Metal shelf supports

## In-Frame Collection

In-Frame kitchens are available with Lissa Oak, Matt Ivory and Platinum White cabinets and are supplied PRE-ASSEMBLED. In-Frame Ivory kitchens are available within 2-3 weeks and In-Frame Painted kitchens are available within 3-4 weeks.

Push to open drawers

Handle suite No. 84

## Omega 'Contact' Handleless Kitchens

The principle of 'Contact' is that wherever possible, doors and flaps are opened simply by touch which will activate the opening mechanism. (Please note that certain appliance doors, pull-out units, magic corner units, etc are not available with this touch open system.) In the same way, 'Contact' drawers and pan drawers are opened by simply pressing on the drawer to activate the spring open runners. (Please note that certain drawers used on pull-out units are not available with spring open drawer runners. Internal drawers are not available with spring open runners.) Omega 'Contact' is available on all Contemporary, Opaco and Logica doors and is also available in Walnut Gloss and White Satin.

# Painted COLLECTION

The painted collection from Omega is designed to bring you the very latest designer colours directly into the heart of your home. Each one has been carefully selected to provide you with a palette that will transform your kitchen into your own colour scheme.

Once you have selected your door style simply select one of the natural colours from the painted collection chart to bring real zest to your new kitchen.

Green

Oyster

Taupe

Light Blue

The colours shown in this brochure are as accurate as the printing process allows, therefore we recommend that you ask your retailer to show you a sample of the colour before placing your order.

# Handles

We have a wide range of handle suites available to help personalise your Omega kitchen. Not all handle suites are suitable for each kitchen. Most handle suites are supplied at no extra charge, however, a small number do carry a surcharge and your Omega retailer will be happy to advise you on suitability and costs.

Please note that a handle suite may comprise up to three handles which are fitted to drawers, doors and spice boxes where applicable.

# Grass Nova Pro

THE COMPLETE DRAWER SYSTEM WITH PRECISION AND INDIVIDUALITY

**G\*GRASS®**

A quality kitchen needs to have quality built-in. Omega kitchens feature the Nova Pro drawer system from Grass, one of the world's leading suppliers of quality drawer systems.

A complete range of drawer systems are available - designed to provide functional storage solutions, combined with the Airmatic soft-closing action and other practical benefits.

## FEATURES AND BENEFITS

- Airmatic soft closing system - using air as the operating medium to provide reliable cushioning and ensuring hygiene in the kitchen with no fear of fluid leakage (e.g. such as oil used in other systems)
- Full extension drawer runners allowing full access
- 40kg load bearing capacity as standard (more than conventional systems)
- Twin walled, metal-sided drawerbox with straight internal sides to provide more storage space and better compatibility with accessories such as cutlery trays
- Easy cleaning! The flat internal sides and tool free removable drawer front assists with cleaning and hygiene
- Nova Pro drawerboxes can be removed and replaced in one easy movement - no tools, no hassle
- Solid 16mm bottom and back panels to provide rigidity, stability and reliability

## Oak Drawers

You can now improve the specification of your new Omega kitchen further by selecting our oak drawers. These solid timber, oak drawer boxes feature traditional dovetail joints.

### Kitchen characteristics

New England Buttermilk is distressed by hand and the level of detail will vary from door to door. The overall effect will create a subtle antiqued look.

Wood is a natural material with an endless variety of texture and grain. Variations evident on installation should diminish over a period of time to create a pleasant uniformity. Particular characteristics of Shaker Lissa Oak Wood, for example, include random selection of grain and colour within doors. Some timbers may include knots and distress marks as a feature of the overall design, for example, Dales Oak.

As our policy is one of continuous improvement, we reserve the right to amend designs and specifications without prior notice. Where real wood veneers are used on external surfaces, we are unable to guarantee an exact match due to natural variations in colour and grain. The colours in this brochure are as accurate as the printing process will allow and we recommend that you should view a display or sample door at your Omega retailer prior to placing an order. Errors and omissions excepted.

## Everything in its perfect place. Everything within reach. Easy to use and enjoy.

The fittings inside the kitchen units have a lot to say about whether you're going to enjoy cooking or not. If you have fast, direct and easy access to all the contents of all the kitchen units, then kitchen work becomes smooth, efficient and far more enjoyable. This is ultra-important for corner units, which offer a lot of space but often very difficult to access. One brilliant solution to this problem is the LeMans swing-out corner unit fitting from Kesseböhmer. A light touch swings the LeMans trays out of the corner individually, until they come to a stop with the contents right out in front of the unit. You can check the whole contents at a glance and easily reach any item you want.

### Omega Kitchens include great design ideas, not just on the outside but on the inside too.

Kesseböhmer storage solutions provide stylish, practical and functional solutions providing better organised and easier access to storage space.

In addition to brilliant functionality, Kesseböhmer storage solutions stand for exclusive design and a high quality finish. Internal cabinet space is used more efficiently than conventional systems, helping you get the most out of your Omega kitchen. Kesseböhmer stands for un-paralleled user comfort and for a level of quality that sets standards worldwide.

- 'SoftStopp' soft close action available on pull-out base units and larder units, incorporating Kesseböhmer storage solutions
- Solid bottom shelves available
- Greater load bearing capacity than conventional solutions
- Greater level of usable space due to square edges on baskets

You'll certainly enjoy the aesthetic qualities of the LeMans fitting and the elegant movement sequence. The fluid sequence of movements is precisely defined and controlled by the fitting technology. It combines two types of movement – turning and swinging. The trays glide right out of the unit and back again in a series of supremely light and easy movements. The shape of the trays has been optimised to blend light and easy movements with a maximum of storage area. The flowing, asymmetrical curves make people think of the well-known race track in France – hence the name.

Easily loaded from the top, LeMans is the only corner cabinet solution to combine an extremely high degree of space utilisation with perfect overview, with the shelves swinging completely out of the cabinet. Not only will all pots and pans find their place – but everyone of them can be reached easily.

Each LeMans shelf can be moved independently from each other enabling easy access, and can take a load bearing of up to 20kg.

Experience the design every time you reach for a pot or pan. The LeMans design was awarded the Red Dot Design Award in 2005 for outstanding design achievements.

reddot design award

*(The Red Dot Design Awards is one of the most highly prized and globally recognised seals of quality for outstanding design achievements.)*

1. Pull-out larder storage
2. Tandem larder storage
3. 3/4 Carousel Unit
4. Breakfront pull-out storage

## Functional Accessories

Omega kitchens are as practical as they are beautiful and a range of functional accessories are available, especially designed to allow you to customise your kitchen to your exact needs.

### CUTLERY TRAYS

A wide range of cutlery trays and utensil dividers are available in either a plastic or luxurious oak or beech finish. Combinations of trays and dividers are used depending on the width of the drawer and your Omega retailer will be able to advise you on the possible combinations.

*Please note: Accessories are photographed with a clear door and/or drawer front to show the full specification of the item inside.*

### PAN DRAWER ACCESSORIES

Plates and crockery can be held securely in place with either oak or beech inserts. Removable storage boxes in oak or beech can also be an effective way of storing kitchen sundries.

### PULL OUT STORAGE UNITS

Neatly and discreetly arranged behind the door, a number of pull-out storage options are available, including internal drawers and wirework.

1. Pull-Out Breakfront Unit
2. Pull-Out Storage Unit
3. Pull-Out Unit with Internal Drawers
4. Base Unit with Internal Drawers

### RECYCLING WASTE BINS

To assist you with being environmentally friendly, we have a selection of recycling bins available, allowing you to easily and safely separate and dispose of unwanted kitchen waste.

Pull Out Removable Bins

### PRACTICAL SOLUTIONS

Storage should be both stylish and practical. Traditional wicker baskets not only look good they are a great place to keep fruit and vegetables. Look inside our units and you'll find we really have thought of everything. Below are a few hidden secrets but visit your Omega retailer to see more clever ideas that will make your kitchen function beautifully.

# OMEGA SINKS & TAPS BY SCHOCK

The range of sinks and taps below have been specifically developed with Schock, providing a comprehensive and stylish offer.

Schock is the world's leading supplier of granite sinks and the Neptune range is made from their outstanding material, CRISTALITE®.

Schock sinks are easy to clean, safe for use with food and are finished with Schock Antibac. The special hygiene protection uses natural silver ions to reduce bacterial growth by up to 95% and make working in the kitchen cleaner and safer.

The range of stainless steel sinks from Schock are made from 18/10 grade stainless steel – the highest grade available – ensuring your sink is highly resistant to staining, rusting and corrosion.

## QUALITY WORKTOPS FROM DUROPAL

So, you have chosen your Omega kitchen, now you need to select the right worktop to finish your design. To help you, we have chosen a comprehensive range of colours to complement the Omega range from the Duropal Quadra Worktop collection.

Duropal are a leading supplier of quality laminate worktops throughout Europe, and the Quadra range of worktops are an ideal alternative to solid surface, granite or timber worktops. The Quadra profile is designed to provide the appearance of solid surface worktops and the unique 'seal groove' ensures a lifetime of protection against moisture and steam.

These high quality, fashionable and durable worktops are resistant to: sunlight, scratching, abrasion, stains (such as coffee, tea, red wine, ink), fruit juice spills, steam and cigarette burns, and have achieved the FIRA Gold Award for product excellence.

To view displays of Duropal worktops, please visit your local Omega retailer. You can find your local Omega retailer by visiting our website - [www.omegakitchens.co.uk](http://www.omegakitchens.co.uk)

 All colours available in 40 & 60mm Curved/Straight Edged profile  
 High Gloss laminates, whilst equally hardwearing may show scratches

## CURVED WORKTOPS

A range of Duropal worktops have been designed specifically to suit our curved base end and curved corner units perfectly. These worktops have a totally flat-faced profile and are a practical and cost effective solution to solid surfaces and granite worktops. Curved worktops are available in both 40mm and 60mm thicknesses in all colours:

## GABLE ENDS

Available in all colours, in 40mm and 60mm thicknesses (where available), gable ends are an ideal way to create a peninsular island unit effect, or can be used as a stylish way to end a run of base units.

## LAMINATED BACKBOARDS & UPSTANDS

Available in all colours, splashbacks and upstands are an ideal alternative to tiling, protecting walls from splashes behind hobs and sinks.

To order a FREE sample colour swatch, delivered direct to your home please call 01625 660411.

The kitchen is undoubtedly the most popular and widely used room in the house, and the various functions the kitchen of today is asked to perform requires accurate planning and good design. A good starting point is to look at the various ways in which your kitchen is used how often and who uses the kitchen. This will then provide you with a list of basic design requirements for your kitchen that need to be met.

## How to buy your Omega Kitchen

Take your time browsing the wide range of Omega kitchens in this brochure, then follow our five easy steps below. We have conveniently divided our kitchens into three sections - modern, shaker and traditional for easy reference.

1. Before visiting your Omega retailer, it would be useful to produce a plan of your kitchen. This should include dimensions and locations of services, windows and doors. In addition make a list of your specific requirements (such as appliances) to assist with the planning process.
2. Discuss your plans with your local Omega retailer, who will be happy to advise you and provide expert design skills to create your perfect kitchen.
3. Think carefully about your storage needs. Omega units are available with a variety of functional storage solutions such as the designer 'Le Mans' corner unit (page 114) and larder storage systems. The full range of functional accessories as well as lighting and shelving, can be found on page 118.
4. Consider the worktops that will complement your chosen Omega kitchen. We offer a range of durable and high quality laminate worktops from Duropal, one of the UK's leading suppliers. Available in a wide choice of colours, and in 40mm and 60mm thicknesses, we also offer a unique range of curved laminate worktops, designed specifically to suit our collection of curved base units. Please go to pages 122 and 123 for more information.
5. Every kitchen needs a sink, and every sink needs a tap! We have selected the very best range of sinks and taps supplied by Schock, a world leader in the supply of granite and CRISTALITE® sinks. More information about the Omega sink and tap range is available on page 120.

We understand the questions that are asked most about Omega kitchens. However, if you have a question that is not covered here, please contact your approved Omega retailer who will be able to answer your queries.

## FAQs

### Where can I see displays of Omega kitchens?

Your local Omega retailer will have a selection of displays and a full set of sample doors available for you to view. We strongly recommend that you view a display or sample door prior to purchasing your Omega kitchen.

### Can I buy direct from Omega?

Omega PLC are the manufacturers of Omega kitchens and only sell via specialist retailers who will use their extensive knowledge and expert design skills to produce the kitchen of your dreams.

### What happens if I pay a deposit to a retailer for an Omega kitchen who then ceases trading before my kitchen is delivered?

In the unlikely event of this happening we run a Deposit Guarantee Scheme. This ensures that we will still supply your Omega kitchen furniture at the current manufacturer's recommended retail price list, less the deposit paid on furniture, provided that the amount paid to the retailer does not exceed 50% of the manufacturer's recommended retail price.

### Do you charge for delivery?

No. We provide FREE\* delivery, direct to your home and our two-man delivery teams will ensure your new kitchen is delivered with care and professionalism.

### Do your kitchens carry a guarantee?

Yes, all Omega kitchens are supplied with a 10 YEAR GUARANTEE, providing you with complete peace of mind when purchasing your kitchen. Omega kitchens guarantees that for a period of ten years from the date of purchase that the kitchen cabinets and fascias ("the products") manufactured by Omega PLC are free from defects in material and workmanship. Omega kitchens will supply replacement products for products that do not comply with this guarantee free of charge or, at our discretion, repair such products free of charge subject to terms and conditions.

### How long will it take for me to receive my Omega kitchen?

Once the retailer has placed the order with us, your Omega kitchen will be delivered within 6-11 days. However, In-Frame Ivory is available within 2-3 weeks and all Painted Kitchens are available within 3-4 weeks.

\* Minimum kitchen order value required. Please consult with your Omega retailer.

The colours in this brochure are as accurate as the printing process will allow and we recommend that you should view a display or sample door at your Omega retailer prior to placing an order. Errors and omissions excepted.

Omega was honoured to receive visits from HRH Princess Margaret when she officially opened our new factory complex and HRH Princess Anne, The Princess Royal, when she visited the purpose built 315,000 sq ft factory and showrooms as part of the inauguration of Capitol Park in Doncaster where the Omega factory is located.

**Proudly made in Britain** Omega PLC is proud to manufacture Omega kitchens in Britain at our state-of-the-art factory facility. We source components from the UK and around the world, to ensure we only use the highest quality materials, which are then combined to produce outstanding kitchens, backed up by unrivalled customer service.
